Project Demo Planning

Date	01 October 2026
Team ID	SWTID-2026-5883
Project Name	Pocket Smart AI: Your Smart Budget & Recommendation Assistant
Maximum Marks	1 Mark

Project Demo Planning

A structured demonstration of Pocket Smart AI will introduce the problem, explain the proposed solution, show the major features and planner workflows, and conclude with questions and answers. The responsibilities are assigned in the exact order of the team members provided.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	**Introduction & Problem Statement**	Introduce Pocket Smart AI, its purpose, target use cases, and the budgeting/recommendation problem it addresses.	2	Jashvini.K
2	**Solution Overview**	Explain the overall solution, AI recommendation approach, budget-aware planning, and main system architecture.	3	Indhumathi.D
3	**Home Interior Planner Demo**	Demonstrate budget entry, room/category details, and AI-generated home interior product recommendations.	3	Jayapriya Rajkumar
4	**Party Planner Demo**	Demonstrate event type, guest count and budget inputs, followed by food, venue and decoration recommendations.	3	Jonal.A
5	**Jewelry Planner & AI Features**	Demonstrate occasion/style inputs and optional outfit image analysis, then show budget-matched jewelry recommendations.	3	Kavibharathi.K
6	**Q&A; & Conclusion**	Summarize the benefits, mention recommendation history/user features, answer questions, and conclude the demo.	2	All Members

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	Jashvini.K introduces the project and explains the budgeting and recommendation challenge.
2	Solution Overview	Indhumathi.D explains the AI-based solution, architecture and how user inputs become recommendations.
3	Live Feature Demonstration	Jayapriya Rajkumar, Jonal.A and Kavibharathi.K demonstrate the Home, Party and Jewelry planner workflows.
4	Q&A; Session	All members respond to questions and explain the project features and implementation.

Team Work Allocation

Member	Primary Demo Responsibility
Jashvini.K	Introduction, problem statement and AI/recommendation concept.
Indhumathi.D	Solution overview, backend/API flow and architecture explanation.
Jayapriya Rajkumar	Frontend demonstration and Home Interior Planner.
Jonal.A	Party Planner workflow and external platform/integration explanation.
Kavibharathi.K	Jewelry Planner, testing/optimization points and final conclusion support.

The structure follows the uploaded Project Demo Planning template, which specifies a demo flow, key features, member responsibilities, and a four-step flow of introduction/problem statement, solution overview, live feature demonstration, and Q&A.; ■filecite■turn3file0■L7-L10■
